

Media

In media, we study the foundations of film and TV and learn how films and TV shows are made. We examine a variety of different genres and film movements. We have opportunities to design our own films, film and edit our own films and respond to films. You will develop production skills that will help you with creating a range of different short films! Interested? See Ms Marshall (Q block) or Mrs Peters (Q block) for more information.

Year 8 Media

In year 8 Media, students will develop foundation media skills focusing around designing, making and critiquing films. Students will explore different film techniques and will consider how directors use film techniques to impact the audience. Students will also create their own films. Students will complete a range of making and responding tasks.

Year 9 Media

Unit 1 – Camera Craft

You will be introduced to the foundations of media including shot types, camera angles, camera movement, filming and editing. You will review a film before filming and editing your own.

Unit 2 – Stop Motion

You will explore the world of stop motion and different styles of stop motion. Through trialling different approaches, you will make a variety of stop motion films.

Year 10 Media

Unit 1 – Genre Study

You will explore a range of genre films and the codes and conventions that make them popular today

Unit 2 – Music Videos

You will dive in to the world of music videos, learning about their different styles before creating your own!

Unit 3 – News Media

News media means Fake news... What role does the media play in spreading fake news?

Media In Practice (Applied)

Media Arts in Practice examines film, television, radio, print, gaming and web-based media. Students explore the role of the media in reflecting and shaping society's values, attitudes and beliefs. They learn to be ethical and responsible users and creators of digital technologies and to be aware of the social, environmental and legal impacts of their actions and practices.

Students explore media arts practices to communicate artistic intention. They gain an appreciation of how media artworks connect ideas and purposes with audiences.
